

Certificate of Conformance

ISO 16840-10: Resistance to Ignition (Flammability)

As part of its risk management, Bodypoint has verified the conformance of its products in accordance with the requirements of **ISO Wheelchair seating — Part 10: Resistance to ignition of postural support devices — Requirements and test method**. Testing was performed by Bodypoint in its test lab in Seattle, WA.

We certify that the following products meet the requirements for resistance to ignition:

<u>Article Nos.</u>	<u>Product Family</u>
AS200-series	Moduform Arm Supports
GB200-series	Essentials Hip Belts
HB200-series	Padded Hip Belts, 2-pt.
HB400-series	Padded Hip Belts, 4-pt.
LB200-series	Velcro-Compatible Padded Hip Belts, 2-pt.
LB400-series	Velcro-Compatible Padded Hip Belts, 4-pt.
LH600-series	Leg Harnesses
NB200-series	Non-Padded Hip Belts, 2-pt.

Note:

The above product families are made using identical materials and processing to those included in our tests. Copies of these tests are available on request.
