

# Aeromesh® shower chair belts and calf support

These silky, porous, color-matched belts and calf supports provide unequalled security and comfort for shower chair users.

**Water, soap, dirt, air flow right through our Aeromesh®.  
Machine-wash up to 60°C/140°F, and machine dry.**

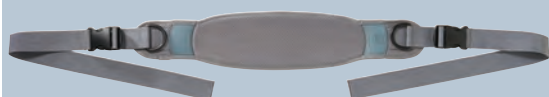

**Aeromesh® belts can be worn on chest or abdomen | Calf support is worn behind the lower legs**

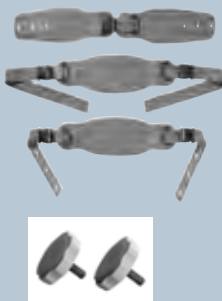

**Single and two-piece padded belts with grommet straps**  
Use a screw, our Quick-Release Knob (shown below) or a Bodypoint clamp to attach grommets to the shower chair frame.

**Quick release knobs** facilitate removal for cleaning and moving belts between chairs, and are sold separately, in pairs.

**Single pad, with plastic slides**  
Wrap webbing around the chair frame and secure with plastic slides.
