

Aeromesh® line addition especially for shower chairs in tilt: the **new** Shower Chair Calf Support

SHOWER CHAIR CALF SUPPORT

AVAILABLE NOVEMBER 1

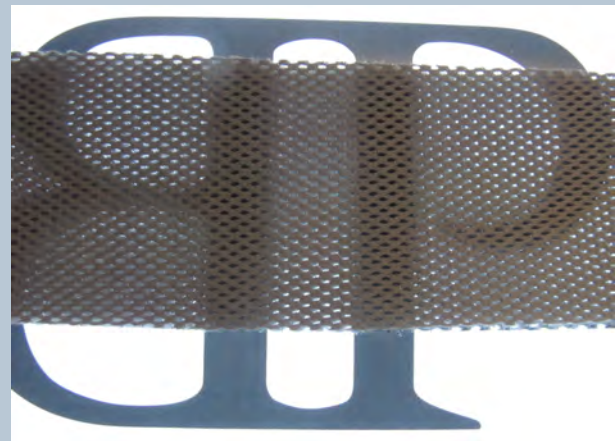

"The Bodypoint calf support is a wonderful addition to my shower chair... Thanks for making my position more stable and solid."
Todd Stabelfeldt, software developer and accessibility advocate

Our silky, porous Aeromesh® belt now has a color-matched, clip-on calf support, for a complete, protective, hygienic solution for adults and children using shower chairs in tilt.

Water, soap, grime, air flow though.
Machine wash and dry.

Reduce risks and increase comfort for tilt shower chair users with a combination that looks good and lasts for a long time!

			MSRP
BB216-22MM	40.5cm (16") chairs	Ø22mm tube	\$68.00
BB218-22MM	45.5cm (18") chairs	Ø22mm tube	\$68.00
BB220-22MM	51cm (20") chairs	Ø22mm tube	\$68.00

Sewn-in tubing clips are compatible with the 22mm (7/8") legrest tubing used by ActiveAid, Aquatec/Clarke, Etac R82, NuprodX, and Raz shower chairs. This support has also been successfully tested with ShowerBuddy chairs (25mm/1" tube).
