Wheelchair positioning is all we do for millions of very important reasons:
our users.

Bodypoint Products Are:

- Tested to all applicable standards, including ISO, ANSI/RESNA and EN.
- Backed with a limited lifetime warranty
- Machine wash (up to 60°C/140°F) and machine dry
- Made in Seattle, USA, under an ISO 9001:2015-compliant Quality Management System

Support When You Need It:

Bodypoint's award-winning, patented, uniquely standards-tested postural support products for wheelchair users improve safety, comfort and independence. A strong position may prevent a pressure ulcer, win a medal or help someone eat lunch, but it's always about helping one person at a time.
